Summary

Driven and dedicated web developer with a strong foundation in front-end and back-end technologies, recently graduated from a full-stack coding bootcamp. Known for hard work, honesty, and integrity, I am passionate about delivering high-quality web applications and continuously improving my skills in a collaborative environment.

Technical Skills

Languages & Libraries: HTML, CSS, JavaScript, TypeScript, SQL

Frameworks & Tools: Bootstrap, React, Node.js, PostgreSQL

Other: Git & GitHub, RESTful APIs, Responsive Design, Agile Development

Projects

Project 1: Portfolio Website

A responsive personal portfolio website showcasing projects and technical skills.

- Built with HTML, CSS, Bootstrap, and JavaScript to ensure a visually appealing and responsive design.
- Utilized React for component-based development and optimized for mobile and desktop views.

Project 2: Employee Management System

A command-line application for managing company employees, built with Node.js and PostgreSQL.

- Designed with Node.js and SQL to handle employee data, including departments, roles, and updates.
- Integrated PostgreSQL for efficient data storage and retrieval, and applied best practices for SQL queries.
- Utilized Inquirer.js for seamless command-line interaction.

Project 3: Weather Whiz

Kyle Anderson

Email: kyleanderson@example.com | LinkedIn: linkedin.com/in/kyleanderson | GitHub: github.com/kyand38

A weather application using TypeScript and OpenWeather API, designed for real-time weather data retrieval.

- Leveraged TypeScript for better code maintainability and type checking.
- Integrated with the OpenWeather API for real-time data and implemented responsive design principles.
- Enhanced user experience with clean, organized UI, using React to dynamically update content based on user input.

Education

Full-Stack Web Development Bootcamp

XYZ Coding Bootcamp | 2024

Completed an intensive 12-week bootcamp focused on full-stack web development, covering front-end, back-end, databases, and deployment.

Experience

Previous Experience in Manufacturing

Transitioned from a 20-year career in manufacturing, where hard work, attention to detail, and integrity were integral to my success.

Values

Hard Work: Committed to going above and beyond on every project.

Honesty & Integrity: Upholding transparency and ethical standards in all aspects of development and teamwork.

Continuous Learning: Motivated to continuously learn new skills and improve my abilities in a fast-evolving field.
